1. Purpose

This is an original Reparation Nation Limited (RNL) evidence report for the public Shipping register. It documents a publicly accessible statement attributed to the UK chapter of Global Afrikan Congress. It does not reproduce that statement and is not issued or endorsed by GAC, GAC UK or the United Nations.

2. Primary public evidence

Source: Global Afrikan Congress UK (GACuk), statement for Item 3, Section 6, “Reparations – Remedies, Accountability and Justice,” at the 27th session of the Working Group of Experts on People of African Descent, dated 2 December 2020. The PDF is hosted on the website of the Office of the United Nations High Commissioner for Human Rights (OHCHR).

Official source URL: <https://www.ohchr.org/sites/default/files/Documents/Issues/Racism/WGEAPD/Session27/submissions-statements/02.12.2020-judyrichards-gacuk.pdf>

The statement identifies GAC as an international network and describes GAC UK as its UK chapter. It presents reparations as a central objective. The source discusses restitution of artefacts and documents, support for reparations research, creation of reparations commissions and a permanent Afrikan forum. These are positions advanced in the statement; this report does not independently validate every historical, statistical or legal assertion in it.

3. Shipping interpretation

Documented output: A dated reparations advocacy statement available from an official UN human-rights website. **Non-financial cargo:** Advocacy, proposals and recorded institutional engagement. **Proposed destinations:** International institutions, governments and communities addressed by the proposals. **Not established:** Any payment, legal award, allocation, transfer, verified receipt or completion of reparations.

4. Evidence limitations and safeguards

The cited document is attributed to GAC UK. It supports claims about that chapter’s published advocacy and the identity it asserts as a GAC chapter, not a general assertion that every international GAC body authorised this particular document. A document hosted by OHCHR is not necessarily a UN endorsement of its contents. Registration in the RNL Shipping database is an independent classification, not approval or affiliation by GAC.

No claims are made in this report that GAC delivered financial reparations, that beneficiaries received money or property, or that this voyage has departed or reached Safe Harbour. Such changes require new, traceable evidence.

5. Record and follow-up

Record this PDF as **RNL-generated documentary cargo** under vessel RN-V-000014 and voyage RN-VY-000014. Retain the direct OHCHR URL in the evidence record. Further entries should identify specific outputs, source dates, responsible chapters, any corrections, and verified delivery milestones separately.

Publication and attribution

Prepared by Reparation Nation Limited as an independent secondary evidence summary for public inspection. The public source is linked for verification; the source PDF is not embedded or republished here. Classification is provisional and open to correction.
